Applications are invited for the post of Junior Research Fellow (JRF) in an ICMR funded project entitled 'Molecular and biochemical investigation of heat shock protein (PfHsp90) and its co-chaperones in modulating DNA double strand break repair pathway of human malarial parasite *Plasmodium falciparum*' in the Department of Biotechnology and Bioinformatics, School of Life Sciences, University of Hyderabad. The appointment will be given initially for a period of one year with a consolidated fellowship of Rs. 38,000 per month. However, there is a possibility of extension of the fellowship for two more years depending upon the progress of the candidate.

The candidate should have a MSc in Biochemistry, Microbiology or Biotechnology (the degree awarded should be 2019 or later) with a prior experience in molecular biology research. Also, he/she should have qualified GATE/NET.

Interested candidate may please send their CV (clearly mentioning <u>their email</u> <u>ID</u>) along with a cover letter stating their research interest in the following email address: <u>sbtsl@uohyd.ac.in</u> within 4<sup>th</sup> May, 5 pm, 2023.

Shortlisted candidates will be notified through email and will be called for an online interview. The exact date for the interview will be mentioned in the correspondence.
