Applications are invited for one post of Junior Research Fellow (JRF) in a SERB funded project entitled 'Molecular chaperone mediated cellular homeostasis of Ribonucleotide Reductase: implications on *Plasmodium falciparum* replication' in the Department of Biotechnology and Bioinformatics, School of Life Sciences, University of Hyderabad. The appointment will be given initially for a period of one year with a fellowship of Rs. 31,000 per month along with 24% HRA. However, there is a possibility of extension of the fellowship for two more years depending upon the progress of the candidate.

The candidate should have a MSc in Biochemistry, Microbiology or Biotechnology with a <u>prior experience in molecular biology research</u>. Also, he/she should have qualified GATE/NET anytime from 2020 onwards.

Interested candidate may please send their CV (clearly mentioning <u>their email</u> <u>ID</u>) along with a cover letter stating their research interest in the following email address: <u>sbtsl@uohyd.ac.in</u> within 6th October, 5 pm, 2023.

Shortlisted candidates will be notified through email and will be called for an online interview. The exact date for the interview will be mentioned in the correspondence.
