Eligible candidates are invited for a walk-in interview for the post of Research Fellow (sponsored by SERB: CRG/2022/008026) in the laboratory of Prof. Jagan Pongubala, Department of Animal Biology, School of Life Sciences, University of Hyderabad. Dr. Pongubala's laboratory is investigating the molecular pathways that control the development of innate and adaptive immune cell types utilizing a combination of genetic, molecular, and computational approaches.

PROJECT POSITION	QUALIFICATIONS	COSOLIDATED PAY PER MONTH	DURATION
Research Fellow	MSc in Life Sciences/ Biotechnology/ Biochemistry	Rs. 25,000+HRA	Initial appointment is for one year and subjected to renewal

Applicants for the above position should have a master's degree (MTech, MSc, or IMSc) with aggregate marks greater than 70% or a 7.5 CGPA from a reputed university. Laboratory experience in molecular biology and cell biology will be a plus. Candidates with excellent organizational skills and the ability to work in a team environment, as well as an aspiration to learn new techniques and explore new scientific areas, are requested to send their CVs to **jagan@uohyd.ac.in**. The review of applications will begin immediately and continue until May 30, 2024, or until the position is filled. Eligible candidates will be called for an interview either in person or online. Applicants attending the interview or joining the post will not receive any TA or DA payments. Applicants should note that the appointment is purely temporary and subjected to renewal up to three years, and there is no right to claim for any regular appointment with the university.
