CIRCULAR

Sub : Prevention of Sound pollution on the campus – Reg.

The student organizations/ groups are hereby informed that sound pollution is a serious environmental issue that adversely affects human health and public well-being. Excessive noise from Sound systems, DJs and high-powered speakers can lead to hearing impairment, stress, lack of concentration, and other health problems.

In this regard, the student organizations/ groups are hereby instructed to strictly adhere to the following guidelines as issued by the registrar.

- Refrain from using Sound Systems, DJs or loud speakers on campus under any circumstances that exceed prescribed noise levels.
- Ensure that any permitted sound system used during University-approved events is operated within the permissible decibel range.
- All the student events should conclude by 10:00 p.m without exception.

Hence, it is suggested to all students to maintain peace and harmony on the campus.
